

Term 3 end of Week 8

The children have been busy this week with their project work. I don't know how much I am allowed to share with you yet, but I do know you are going to be invited in soon for something special.

Mrs Magalon and the senior class held a lunch club for the intergenerational group. This was well attended, and everyone had such a lovely time. The skills the children are learning from these sessions are based around social intelligence. Communicating, feeling, collaborating, and leading.

The senior class have now finished their sessions on the chalumeau. If your child is interested in playing a musical instrument, then you can sign up here. (P5-P7)

[Music tuition - Aberdeenshire Council](#)

Monday 11th – Friday 15th

Science Week

The children will be taking part in science activities for the whole of this week. Outdoor clothes would probably be best.

School uniform on Wednesday when we get a visit from the Mini Professors. This was organised by our wonderful parent council and I know it is something I am looking forward to.

. Dates for your diary

Thurs 7th March – World book day

11th -15th March – Science Week

19th & 21st March – Parents night

Thurs 28th March – Last day of term 3

Spring Garden Clear up

We have still only had one response to this. Now the weather is getting nicer we would love to tidy up the garden but not sure we can do it on our own. Any help would be gratefully received.

World Book Day

We are going to have a bedtime story day again this year. Wear your pyjamas and bring your favourite bed time story. We will have a drop everything and read as well as a shared reading session in the afternoon. The parent council are donating milk and cookies and manning a book swap stall. Please hand in any books to the school by Wednesday that could be included in the stall. A great eco way to get a new book.
